MEET THE AVIATION AND AEROSPACE INDUSTRY LEADERS AND DISCOVER THE LATEST DEVELOPMENTS AND INNOVATIONS

Volare International Airshow will connect the global aviation & aerospace industry to Italy by providing manufacturers and suppliers a platform to showcase their products and services to a global audience.

The event will welcome exhibitors and delegates worldwide to Reggio Emilia Airport, which will be dedicated solely to the exhibition.

Volare International Airshow will host a mix of business, general, commercial aviation, and aerospace exhibitors on a 100,000 sqm static area, accommodating more than 100 aircraft, and will include an extensive **conference program** featuring keynote speeches, panel discussions, and interactive sessions.

This highly anticipated event will bring together leading industry professionals, manufacturers, suppliers, and enthusiasts from around the world for 3 days of networking, knowledge sharing, and business opportunities. It will host various industry-focused events, including business matchmaking sessions, investment forums, and career fairs.

This international aviation & aerospace exhibition aims to connect Italy to the aerospace industry on a global scale and attract international partnerships, investments, and collaborations.

Volare International Airshow will feature a range of activities, including live demonstrations, interactive displays, technical conferences, and panel discussions. Attendees will have the opportunity to witness the capabilities of cutting-edge aircraft, experience virtual reality simulations, and explore the future of aerospace technology.

Why Exhibit ?

Volare International Airshow presents a real marketplace, whereby professionals within the industry are offered the opportunity to gather information, discuss issues of the future, and discover the latest innovations, strategies, and services.

The exhibition is the ideal place to find a market and its developments and to ensure competitive intelligence.

With a range of exhibition and sponsorship packages available, you can tailor your investment to suit your specific needs and maximize your return on investment.

By promoting your company at the **Volare International Airshow**, you'll be putting your organization in front of thousands of potential customers and partners, while also gaining valuable exposure in the global business aviation community.

The Italian Aviation Industry ranks 4th in Europe and 7th in the world by size, with leadership positions in civil helicopters, regional aircraft, and propulsion. The technological skills and know-how of Italian aeronautics and space companies, combined with the increasingly advanced technological knowledge in production processes, have become critical growth drivers for Italy in the sector.

Italy has several major aerospace companies. Italy also has numerous small and medium-sized enterprises (SMEs) specialized in various aerospace and aviation aspects.

These SMEs often form clusters, which are geographically concentrated areas where companies, research institutions, and other organizations collaborate and support each other.
